SPECIAL ISSUE 9 ■ OCTOBER 2017

Out-of-towners to be charged for parking in Modiin

City's residents advised to apply for car sticker which will allow parking for free

NEW PARKING rules due to come into force at the end of November will mean that out-of-towners coming to Modiin and parking in municipal car parks will have to pay for the privilege.

As a result, Modiin residents with cars are being advised to apply for a sticker to be displayed on the windscreen which will allow them to park free of charge.

Once the sticker has been obtained, it will allow free parking at Park Anabe and the two car parks on Emek Zevulun opposite Caffit. The car park at the municipal swimming pool will remain open to the public.

To get the parking pass, residents have to complete a form on the iriyah's website, or they can apply at a post office.

Residents must also supply a copy of their teudat zehut (ID) and car registration, or copy of approval from their leasing office.

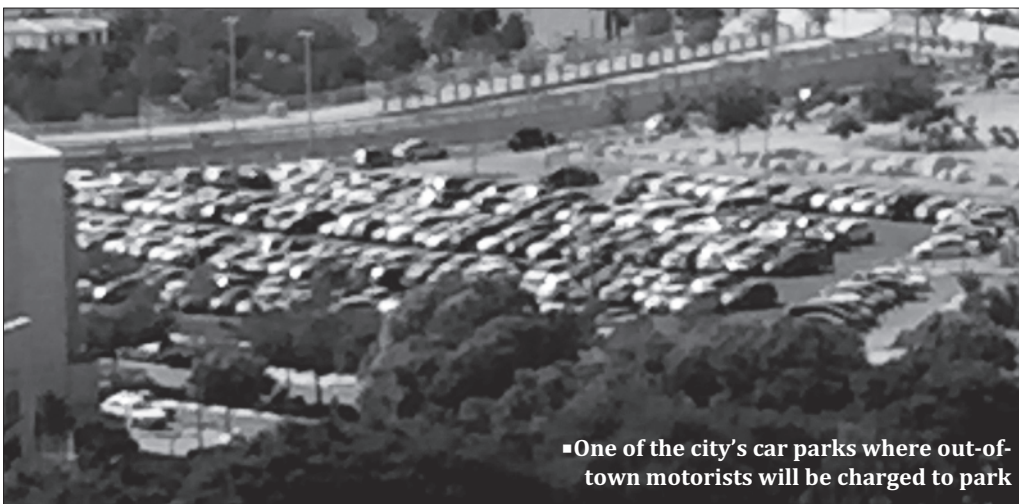

Parking passes can then be picked up within five days from the city's collection department in the Azrieli Mall, or they can opt to receive it by registered mail to their homes during November.

Meanwhile, the iriyah will be posting guidelines in the car parks with details about the new parking regulations and fees.

Like other cities in Israel, payment for parking can be made on line using Pango and CelloPark or through the EasyPark device.

Non-residents of Modiin will be charged NIS 2.81 an hour to park.

Online form Modiin drivers must complete which will allow them to park free

THIS IS the online form Modiin residents have to fill out in order to apply for a sticker which will allow them to park free in municipal car parks from the end of November.

At the time of writing, we're not sure if the Iriyah

will accept the details in English or if it has to be all completed in Hebrew.

We've tried to help you by putting in English the information the Iriyah requires.

If in doubt, go along to your nearest Post Office.
